Col. C. A. Ellison, U. S. A., is at the Palmer.

Senator Palmer Sutton and John C. Kinsley, Kankakee, are at the Sherman.

IN GENERAL.

The announcement in the Japanese that the Sun, Moon and Stars would appear Sept. 21 was premature. The Sun appeared Sept. 2 and Stars Sept. 20.

The Attorney-Washburne removal controversy, Gen. Logan's proposed address to Grand Army, Ill., the Democratic convention and the city's new Democratic mayor fill the papers.

The County Treasurer did not complete the sale of delinquent tax property to Byron Sherman yesterday, and will continue on the 22d, when about 1,000 lots, the last from the assessor to Lake View, will be sold.

The temperature yesterday as observed by Scientific optician, Reliance Building, was as follows: 7 a. m., 67°; 9 a. m., 67°; 12 m., 67°; 3 p. m., 67°; 6 p. m., 67°; 9 p. m., 67°. Barometer, 7 a. m., 30.01; 3 p. m., 30.01.

The Chicago branch of the American Association of the Red Cross entertained Gen. Sherman Saturday a week for $1,000 as their contribution from the Chicagoans entertained. The Board of Aldermen tendered the same to Gen. Sherman on Monday.

At the Bankers' picnic at regular Monday conference of the Grand Pacific Hot. Sept. 6, L. Hotchkiss told of a trip to Europe and what he saw and heard. This being worth $10 or more apiece, and they say that everybody in Grand Pacific always goes to Kankakee, and also to see an entertainer, Mary, but about a dozen of it to Europe and Kankakee.

The three agreed cattle to be brought by the city against the Fat Contents Association during September to Chicago will be severally concerned by the Live Department. The question to contest is the liability and feeding cost of the animals, amounting altogether to the thousands of dollars. The cattle are now in the city. Judge Gary began the trial of Joseph Mahoney, charged with assault to kill. Mrs. Lucy Allen was testifying as to the extent of injuries she received from the defendant, when Judge Gary took a recess until 2 o'clock.

DEHLER'S FUNERAL ORATION.

Whisky and Anarchists Charged with Fault of the Responsible.

At the regular weekly meeting of the Methodist ministers, held in the Methodist Book Concern yesterday, the speech printed in full in the Tribune of Sunday, delivered at the funeral of Dehler, was discussed. The speech was delivered by the Rev. J. P. Washington. The report of the committee appointed by the ministers to investigate the matter was presented and read by the Rev. J. P. Washington. The report is as follows:

To the Methodist Ministers' Association of Chicago:

Your committee appointed to investigate the speech delivered by the Rev. J. P. Washington at the funeral of Dehler, the Anarchist, beg leave to report that they have had the matter under consideration, and have come to the conclusion that the speech was unwise and unfortunate, and that the sentiments expressed therein are not those of the Methodist ministers of Chicago.

Respectfully submitted,
J. H. VINCENT,
J. F. HURST,
J. M. WORTHAM,
Committee.

The report was adopted.

Miss Smith.

A middle-aged lady went into Lake View the parlor of C. C. Barnes' livery stable, and, without a word to anybody, drank a bottle of carbolic acid. She died in a few minutes. Coroner Hoffman was notified, and took charge of the body. The woman was about 40 years old, and had been living with her husband at 1,000 Wilson-av. She had been married about two years, and had no children. She had been in poor health for some time, and had been despondent. She had been in the habit of going out every morning, and her husband supposed she had gone to work as usual. She left no letter to explain her action.

STEER THROUGH SKYLIGHTS.

Furious at Work on Chicago Avenue Sewage Outfall.

The great amount of work being now on the sewage of the South Consolidated seems to have stirred up a great deal of enmity in the breasts of some of the contractors on that line. The latest development of the kind occurred on Chicago avenue, near Ashland-av, yesterday afternoon. Two steers, the property of Contractor Foley, were being driven through the streets to the scene of the work, when they broke away from the drivers and ran down Chicago avenue. They were followed by a crowd of men and boys, who, when the animals reached the excavation, drove them down the embankment. The steers, frightened by the shouts of the crowd, dashed into the excavation, and, in their mad rush, broke through the skylights of a number of shanties. The occupants of the shanties, who had been driven out by the steers, were furious when they saw the damage done to their property, and, rushing down into the excavation, began to pelt the workmen with stones. The latter, in turn, threw stones at the crowd above, and a lively fight was the result. Several of the workmen were injured, but none seriously. The steers were finally driven out of the excavation, and the workmen returned to their labors. The damage done to the shanties will amount to about $100.
